INTRODUCTION	7
1 KHOISAN – FIRST PEOPLE	16
Hoerikwaggo: ‘mountain rising out of the sea’	20
San myth and creation stories	25
Camissa: ‘sweet water for all’	32
2 EARLY EUROPEANS	36
Paradise on Earth	41
Portuguese explorers	47
António de Saldanha	52
Platteklip Gorge	58
Myth of Adamastor	64
Before the Dutch settlement at the Cape	68
Dutch East India Company	79
Building the Castle	86
Quest for silver and gold	88
3 AGE OF ENLIGHTENMENT	93
French Jesuit scientists	94
Seashells on top of Table Mountain?	98
Changes in sea level	105
‘Stones lying in Rows one upon another’	109
Abbé de Lacaille’s pear-shaped Earth	114
Swedes at the Cape	119
Carl Thunberg	120
Carl Linnaeus – <i>temporis filia</i>	126
Anders Sparrman	129
Paarl Rock and the origin of granite	133
François Le Vaillant and past sea levels	136
4 BIRTH OF GEOLOGY	141
Abraham Gottlob Werner and Neptunism	145
James Hutton and Plutonism	147
Neptunism vs Plutonism	151

5 BRITISH CAPE COLONY & THE GROWTH OF GEOLOGY

John Barrow	156
‘The depredations of time’	159
Sea level	163
Iron anchor atop Table Mountain	165
Lady Anne Barnard	168
‘Fearful evidences of some former violent concussions’	174
William Burchell and the sublime	179
Warm springs	184
Earthquakes	187
Basil Hall discovers the Platteklip granite–shale contact	190
Clarke Abel discovers the Sea Point Contact	200
Dugald Carmichael	209
Charles Lyell’s <i>Principles</i>	216
Uniformitarianism vs Catastrophism	218
A dynamic Earth	219
Charles Darwin’s <i>Voyage of the Beagle</i>	222
St Paul’s Rocks	225
Chilean earthquakes and uplift of the Andes	227
Coral atolls and subsidence	229
Darwin at the Cape	232
Dating rocks at the Cape	238
Thomas Maclear, the noontime gun and correcting Lacaille	242
Andrew Geddes Bain and William G. Atherstone	246
Mountaineering	257
Geological Commission	266

6 GEOLOGICAL REVOLUTIONS OF THE 20TH CENTURY

Continental drift	272
Dating rocks and the age of Earth	279
Our wandering continents	282
Plate tectonics	287
A modern tectonic synopsis of Cape geology	292
End of geology?	295

Acknowledgements	301
Illustrations	302
Notes	308
Bibliography	316
Index	327
